Story

Discover a world brimming with humor, interesting characters, and adventure. Interact with cheeky villagers and egotistical wizards. You'll find yourself in a role more significant than a knight could ever dream of!

Co-op

Any true hero can call upon trusty companions in their time of need. New strategies can be explored and singular pronouns laughed at when you bring along a friend! Journey forth with a partner, where you both can dash, slice, and build with local co-op multiplayer.

Gameplay

This is an action-based Tower Defense like no other you've experienced. Slash goblins, ogres, wizards, and more with your sword, roll through waves of enemies, and build towers as fast as you can. Reap the rewards of combat by collecting coins from fallen foes, but tread carefully so as not to get walloped on the field of action!

Use nine powerful towers to build a strong defense, each tower more unique than the last. Upgrade your character as you advance through the story with a plethora of game-enhancing abilities. Anything unlocked in your skill tree will also apply in co-op mode, so everybody benefits! Unique towers, exciting abilities, and planned future game modes ensure you'll be back for more.

The Soundtrack

The whole experience is wrapped up in an unbelievable composition that contains everything from sweat-inducing chiptunes to comedic ambience. The soundtrack currently has more than 10 songs, with plans to have more than 20 by the time the game is completed. You can expect even more adrenaline-fueled audio goodness with each update!
